What is Lampworking?

Lampworking is the ancient art of melting glass on a hot torch, wrapping it around a mandrel and shaping it into beads.

About your workshop

This workshop is suitable for those who have experience of torch work and wish to improve their skills or for those who simply wish to book a longer session.

Book this workshop on your own and you will have the torch all to yourself for 5 hours.

Book with a friend and you will share 6 hours of torch time.

The workshop includes:

- Health & Safety demonstration of beadmaking
- All of the necessary protective equipment required to wear while at the torch
- All of the materials required to create your beads
- Tuition for a selection of bead styles and designs including:
 - bead shaping
 - dotty, frit mix, twists
 - reduction techniques
 - silver encasement techniques
- Kiln annealing of all beads made on the day
- Tea, coffee and biscuits throughout the day plus lunch (we are a 5 star food hygiene rated catering venue too!)

Techniques covered will depend on your experience and speed

What will I make?

This depends on your speed, but most people will make between 10 – 15 beads.

Important

Please wear closed-toe shoes as you will be working in a glass studio. Also natural fibre clothing if possible.

Price effective from 01/01/2024
